Scholarships and Financial Aid

Students enrolled through Community College of Aurora are eligible for scholarships and financial aid. Inquire for more details.

Non-Credit Options

Students have the option to enroll in these classes through Colorado Homebuilding Academy, but not through Community College of Aurora. These students have lower tuition rates because they will not receive college credit or certifications from Community College of Aurora. The cost of all non-credit classes is \$373.92, except OSHA 10, which costs \$100.00.
