There will be no classes the week of Thanksgiving.

Scholarships and Financial Aid

Students enrolled through the Community College of Aurora are eligible for scholarship and financial aid. Inquire for more details.

Non-Credit Options

Students have the option to enroll in these classes through Colorado Homebuilding Academy, and not through the Community College of Aurora. These students have lower tuition rates because they will not receive college credit or certification from Community College of Aurora. The cost of all non-credit classes is \$441.04, except OSHA 10, which costs \$125.00.
